Things to keep in mind when deciding what you would like listed on the trophy plate.

- The competition year “2025” as well as the Printing United logo are standards that will appear on each plaque.
- The spaces and symbols count towards the max of 50 characters.
- We are at the mercy of the award manufacturers’ layout. They allot 2 lines for the company name and 2 lines for the category name. This may cause the spacing to appear off. **If you have any specific line breaks that you want, please let us know.
- Font style and size cannot be changed.
- Superscripts for Trademark and Copyright can be used.
- You may not add your own graphics, artwork, or logos to the trophy plate.

A proof of the plate will be sent to you once the order has been placed. Order will be placed after the deadline date.

Below are some award plate examples for what can be used in the category line:

Category name only	Product name only	Product name – category name

The award itself will have either “Product” or “Technology” included in the Pinnacle Logo. (see images below)
Approximate award dimensions are: 2.5 x 2.5 x 7.
